

**Holedall .....572 - 593**

- Coupling machines .....572
- Recommended working pressures .....573
- External swage ..... 574 - 579
  - Stems ..... 575 - 576
  - Flange assemblies .....576
  - Female ends .....577
  - Uni-range male couplings .....577
  - Ferrules ..... 578 - 579
  - High pressure couplings .....579
- Internal expansion ..... 580 - 581
  - Stems ..... 580 - 581
  - Ferrules .....581
- Holedall Petroleum style..... 582 - 583
  - Couplings .....582
  - Ferrules .....583
- API Certified Holedall Petroleum attached..... 584 - 585
  - Couplings .....584
  - Ferrules .....585
- Washers .....586
- HB coupling expander machine .....586
- Pump hose couplings .....586
- Dubl-Grip field attachable couplings.....587
- CIP internal expansion sanitary style .....588
- Sanitary style..... 588 - 590
  - Stems ..... 588 - 589
  - Threaded hex nuts.....589
  - Flow Chief ferrules .....590
- Sanitary King Crimp® stems .....591
- DIN external crimp stems .....591
- Dixon Sanitary crimp stems .....592
- Dixon Sanitary crimp ferrules .....593
